

This design is provided by Patty Hurwitz, Moonflower Designs for use by The Stitchers' Village Members. I have provided an alphabet for you to personalize your stitched piece. There are unlimited possibilities for the phrase and I suggest you include your name, location, and finish date. I also have purposely left off a color chart as the intent is for this to be unique to you. It is a copyrighted design and may not be sold or distributed for any purpose. If you have any questions or are completely at a loss for color suggestions, please email: pattytsv@gmail.com
